Blogging has brought a tremendous number of fantastic things into my life, but none better than my lovely girlfriend, Marisa. This book is dedicated to Marisa for her patience and support throughout the process of writing the book. I think she might be a keeper.

About the Author

Scott McNulty is a simple geek living in Philadelphia. Scott has been blogging for just over nine years about whatever strikes his fancy. He runs more WordPress blogs than anyone should and even has a few other blogs using other blogging engines.

More of Scott's words can be found in his personal blog, blog.blankbaby.com; at MacUser.com, where he is a senior contributor; and at Obsessable.com, where he writes a weekly feature about technology.

Acknowledgments

Lots of smart and talented people worked very hard to make me look good, which is a Herculean task. Thanks to Cliff Colby for making this book happen; to Kathy Simpson for making sure my words were intelligible (any garbled or wrong sections of this book are entirely my responsibility); and to the production team of Danielle Foster, WolfsonDesign, and Julie Bess for their help in making a book that I'm darned proud of.

I'd also like to thank my bosses, Joe Cruz and Dan Alig, for being so flexible with my work schedule as I wrote this book. Not all workplaces would be so accommodating, and I'm thankful that I work at such an enlightened place.
