ABOUT THE CONTRIBUTORS

# Introduction

## *Movies are so much better with booze.*

Libations and cinema come together in *Lights Camera Booze*, where you'll find drinking games for all your favorite movies in one awesome place (this book, duh).

Featuring 33 movies released throughout the past four decades (hey, just like a fine wine, the movies from 1975 get better with age!), *Lights Camera Booze* will transform any regular ol' movie night into a superfun party—but don't blame us if parts of the magical evening become a little hazy.

Flip through the book and you'll find a variety of movies for all kinds of cinema tastes. We've got movies you loved from your childhood or teenage years (*The Goonies*, *The Princess Bride*, *Scream*), instant classics of the last decade (*Mean Girls*, *Anchorman*, *Magic Mike*), and the flicks you can watch over and over and over again (*Fight Club*, *Office Space*, *Legally Blonde*).

Each movie drinking game consists of five elements:

1. A movie-themed suggested cocktail (with recipe) to imbibe during the game
2. Two pages of drinking game rules with illustrations
3. Jaw-dropping trivia
4. Movie-related questions to ask your friends post-movie watching (you'll learn new secrets about your pals!)
5. And a final challenge to see who can best hold their liquor!

Take a look through the book and pick which movie you'll screen for your friends. Be sure to read through the whole game prior to the party, since some games require props for the final challenge. You'll also need to know what booze and ingredients to pick up for the cocktails.

Before you watch the movie, go over the drinking game rules with everyone. When it's time to drink based on the rules provided, only take sips—do not chug your drink! We repeat, do not chug your drink. You can also divide the rules among you and your friends. Split into two teams, with each team assigned to only the even or odd numbered rules. Or assign each player one or two rules, and they will only sippy-sip to those.

The book is intended to lie flat on your coffee table and the rules are drawn big enough to see from most angles. Plus, it'll give you a chance to glance down if you happen to forget a few.

We also suggest which rules to omit if you're a light drinker. Getting drunk with your friends is fun. Becoming the asshole who can't take care of themselves and doesn't know when to stop drinking is not fun. Just a friendly reminder from your drinking game goddesses.

Bottoms up!

# *American Pie*

---

There's nothing quite like your first time. It's just so awkward! But no matter how bad, weird, or shocking it was, you always want to do it again. And is there anything more hilarious than a group of high school boys with raging hormones making a pact to lose their V-cards by prom night?

*American Pie* was one of the first movies to take the high school comedy to a new level of raunch, gross-out humor, and embarrassing sexcapades. Take Jimbo (Jason Biggs), who gets caught masturbating by his parents, busts a nut too quickly (twice! And while it's being broadcast across the web!), and ends up getting used for sex on prom night—which actually is kind of cool.

*American Pie* lets you laugh (and drink!) at other people's sexual misfortunes, while also allowing you to pretend these embarrassing moments have never happened to you.

**Note:** *If you're a light drinker, skip rules 12 and 18.*

**DRINK OF THE GAME**

**KEG O' BEER**

*A pony keg serves approximately 60 (16-ounce) beers. A regular keg serves about 125 (16-ounce) beers. Purchase accordingly. And make sure you're drinking a jizz-free beer.*

Put the keg on ice. Tap it. Pump it. Pour into a red Solo cup. Drink. Repeat.

## TRIVIA

### SAUSAGE FEST

What did the crew cook, stick on a pencil, wrap in aluminum foil, and then place between Jason Biggs's legs? Yup, it was a sausage! To replicate an erection, in fact. And the meat was still warm when it was put in place.

### TOO CRUDE, TOO LEWD

It took four edits to get the film an R-rating instead of NC-17.

### MS. AMERICAN PIE

The pie Jim violates wasn't actually homemade. It was from Costco.

### CERVEZA CON JIZZ

The brewski Stifler drinks is actually beer with egg whites in it, a concoction that would still make us vomit.

## QUOTE IT

In the sex scene between Jim and Michelle, Alyson Hannigan ad-libbed the line, “Say my name, bitch.” Everyone found it hilarious that it was kept in the final cut.

## HOT TOPICS

1. *Tell us about your first time.*
2. *What has been the most awkward sexual moment in all of your life?*

## FAKING IT

Everyone is guilty of faking an orgasm at least once. Let’s see who’s the champion of faking it. To decide the order of performances, have each person draw a number out of a hat. Start with the person who drew number 1. Each person gets 30 seconds to give their best fake orgasm. Each person can earn a score between 1 (you call that your O face?!) and 5 (wait, are you sure you were just faking it?!). The faker with the highest score wins.

# ***Anchorman:***

---

## ***The Legend of Ron Burgundy***

Sixty percent of the time, you'll love this game every time. Ron Burgundy and his mishmash team of misogynists run Channel 4 News like a middle-aged frat. . .that is, until the sultry Veronica Corningstone comes in and knocks them off their boys-club-only pedestals.

Keep an eye out for A-list cameos from Seth Rogen as the eager KVWN cameraman and Ben Stiller as the leader of Spanish Language News. And, of course, raise your glass to vindictive biker Jack Black (Baxterrrr!) and lead anchor Luke Wilson, whose Channel 2 news team ranks third in the ratings. Sorry, Luke.

And good news for all you *Anchorman* fanatics. The movie's long-awaited sequel, *Anchorman: The Legend Continues* has Kristen Wiig joining the cast as Brick's wife and features cameos from Tina Fey, Amy Poehler, and more.

Until then, you stay classy, San Diego.

**Note:** *If you're a light drinker, skip rules 4, 7, and 13.*

**DRINK OF THE GAME**

**SEX PANTHER**

*It may or may not be illegal in nine countries.*

**MAKES 2 DRINKS**

**2 ounces triple sec**

**1 ounce dry vermouth**

**4 ounces vodka**

**¼ cup grenadine**

**2 tablespoons lemon juice**

**6 ounces orange juice**

**Ice**

Pour the ingredients into a cocktail shaker and shake well, then strain into two lowball glasses filled with ice.

## TRIVIA

### TIME TRAVEL

Although set in the 1970s, many items featured in the movie weren't invented until years later. Examples? The lint roller used on Ron's blazer and the pepper spray shown during his fight with Veronica. Also, scenes of San Diego include Petco Park, which didn't open until April 2004.

### EXTRA! EXTRA!

So many extra scenes were filmed that *Wake Up, Ron Burgundy: The Lost Movie* was edited and packaged with the two-disc *Anchorman: Special Edition*.

### LEADING NEWS LADY

Jake's sis Maggie Gyllenhaal auditioned to play Veronica.

## HOT TOPICS

1. *What's the best one-liner in the film? (Tough one, we know!)*
  2. *Of all the news teams, which anchor would you sleep with?*

## **SPECIAL REPORT**

Pass everyone a piece of paper and a pen. Then give everyone five minutes to write a news story about what they did last weekend. Go around in a circle reporting the news, and the most entertaining story wins.

# *National Lampoon's Animal House*

Toga! Toga! This 1978 comedy classic introduced the world to Kevin Bacon, and “Shout” was never the same.

Today, many a generation has rocked Bluto’s “College” T-shirt, but not everyone in the cast believed in the film’s golden potential. An unimpressed Donald Sutherland was offered either \$75,000 (for three days of work!) or a percentage of the gross. He chose the former, and the decision cost him \$3 to \$4 million—ouch!

But Kiefer Sutherland’s pops still went on to enjoy regal pastures, playing the cold-hearted President Snow in *The Hunger Games*. And, well, who cares if he doubted *Animal House*’s potential anyway? Roger Ebert gave the flick his seal of approval back in ’78, and we still feel the same today.

**Note:** *If you’re a light drinker, skip rules 5 and 12.*

11. SOMEONE WEARS A PLEDGE PIN

12. DELTA 13. CAR CRASH

## TRIVIA

### ART IMITATING LIFE

Cowriter Chris Miller based the National Lampoon short stories, from which the movie was a spinoff, on his real-life good ol' times as an Alpha Delta Phi frat boy at Dartmouth.

### BELIEVE IT OR NOT!

Toga parties only became a college staple after the release of this movie.

### WIPEOUT

The dilapidated 1800s home used for Delta's exterior shots was torn down in the '80s.

### SWITCHEROO

Delta changes from Delta Chi Tau to Delta Tau Chi during the movie.

## HOT TOPICS

1. *Besides a toga party, what's the best theme party you've ever been to?*
  2. *What would your frat nickname be?*
- 

## **DO YOU MIND IF WE DANCE WITH YOUR DATES?**

Dance contest! Select a song at random and have one person dance for 30 seconds, putting his or her best moves on full display. Change songs for each person, and whoever receives the loudest applause gets to dance with your date. You know, if you're cool with it.

# *Back to the Future*

---

Fact: We're about as far removed from 1985 as Marty McFly was from 1955. Scary thought, right? So is the image of a teenage version of your mom having the hots for you. Chills.

Still, this film remains a legend—as does Doc's DeLorean—and it spawned two additional movies: one that includes a trip to 2015 (we're pretty much there, so why can't cars fly yet?) and the final chapter of this trilogy, which rewinds to 1885.

If the concept of time travel isn't mind-blowing enough for you, how about finding out that Michael Fox's middle name isn't John. Or Joseph. Or Jeremy. Or Jacob. Or any other J name. Nope, it's Andrew. So where's the J come from? It's a salute to actor Michael J. Pollard.

Why the switch? The '80s heartthrob feared that sticking to his real name would result in teen magazines running the headline "Michael, A Fox!" Good call there, Michael Andrew.

**Note:** *If you're a light drinker, skip rules 4, 7, and 11.*

---

**DRINK OF THE GAME**

**THE DOCQUIRI**

*Fortunately, plutonium isn't a crucial ingredient.*

**MAKES 2 DRINKS**

**3 ounces light rum**

**2 ounces fresh lime juice**

**2 teaspoons simple syrup**

**Lime wedges, for garnish**

Pour the rum, lime juice, and simple syrup into a cocktail shaker and shake well. Strain into two chilled martini glasses.

Garnish each with a lime wedge.
